

2018–2019

**Data File Format
for Student Registration**

Submission Schedule of Student Data Files for the 2018–2019 School Year

Refer to the Calendar of Events for submission window deadlines for the 2018–2019 student registration data files.

Key Changes to the Data File Format for Student Registration

The following changes have been made to the Data File Format for Student Registration for 2018–2019.

Changes to STAAR Alternate 2, TELPAS, STAAR Grades 3–8, and STAAR EOC

- New TX-UNIQUE-STUDENT-ID: the BLANK field (column BB) has been changed to indicate TX-UNIQUE-STUDENT-ID, for inclusion of a student’s Texas Student Data System (TSDS) identification number.
- LEP-INDICATOR-CODE (column U) has been expanded to allow values for M3 (3) and M4 (4) and the input value for M1 has been updated to be 1.
- Updated header field names. The following field header names were updated, with no change to field meaning or the values accepted:
 - BLACK-AFRICAN AMERICAN-CODE (column O)
 - TEST FORMAT (columns AJ–AN)
 - ABOVE-GRADE CODE (column AX)
 - TEST VERSION CODE (columns BD–BG and BI)
 - ONLINE TEST GROUP NAME (columns BJ–BN)

Changes to TELPAS

- New TELPAS SESSION NAME field: the BLANK field (column BC) has been changed to allow the use of optional sessions for the TELPAS administration.

Inclusion of registration requirements for TELPAS Alternate

Changes to STAAR Grades 3–8

- For online testing, the TEST VERSION CODE - READING, TEST VERSION CODE - MATHEMATICS, TEST VERSION CODE - SCIENCE, TEST VERSION CODE - SOCIAL STUDIES, and TEST VERSION CODE - WRITING fields (columns BD–BG and BI) have been updated to include the 2018–2019 Personal Needs and Preferences (PNP) accommodation codes for students taking an online test only.
- New Language fields for online testing. Four fields (columns BQ–BT) have been added to indicate test language for grades 3–5: ONLINE TEST LANGUAGE - READING, ONLINE TEST LANGUAGE - MATHEMATICS, ONLINE TEST LANGUAGE - SCIENCE, and ONLINE TEST LANGUAGE - WRITING.^Ω
- New (optional) TX-UNIQUE-STAFF-ID fields: five fields (columns BW–CA) have been added to indicate the TSDS ID code for the subject-specific lead teacher to allow for teacher-level reporting: TX-UNIQUE-STAFF-ID - READING, TX-UNIQUE-STAFF-ID - MATHEMATICS, TX-UNIQUE-STAFF-ID - SCIENCE, TX-UNIQUE-STAFF-ID - SOCIAL STUDIES, and TX-UNIQUE-STAFF-ID - WRITING.[£]
- New Test Format fields: five fields (columns AJ–AN) have been added to indicate when a student is testing online or on paper: TEST FORMAT - READING, TEST FORMAT - MATHEMATICS, TEST FORMAT - SCIENCE, TEST FORMAT - SOCIAL STUDIES, TEST FORMAT - WRITING.^Ω

^ΩThese STAAR Grades 3–8 fields will be mandatory beginning with the spring 2019 STAAR administrations. For the December 2018 administration, the field headers should remain in place with no data populating the fields.

[£]The (optional) TX-UNIQUE-STAFF ID fields will be available for use in primary administrations only. For retest administrations (December EOC, May grades 5 and 8, June grades 5 and 8, and June EOC), these fields are considered as informational only. Districts will not be able to add or update teacher data by upload for these registrations.

Changes to STAAR End-of-Course (EOC)

- For online testing, the STAAR EOC TEST VERSION CODE field (column AW) has been updated to include the new Personal Needs and Preferences (PNP) accommodation codes for students taking an online test only. **NOTE:** New PNP accommodation codes will be available for use beginning with the spring 2019 administrations.
- New (optional) TX-Unique-Staff-ID field: one field (column CB) has been added to indicate the ID code for the subject-specific lead teacher to allow for teacher-level reporting. [£]

[Ⓐ]These STAAR Grades 3–8 fields will be available beginning with the spring 2019 STAAR administrations. For the December 2018 administration, the field headers should remain in place with no data populating the fields.

[£]The (optional) TX-UNIQUE-STAFF ID fields will be available for use in primary administrations only. For retest administrations (December EOC, May grades 5 and 8, June grades 5 and 8, and June EOC), these fields are considered as informational only. Districts will not be able to add or update teacher data by upload for these registrations.

Student Data File Specifications

Submitting Student Data

Student data should be submitted as a CSV file. The most common reason for a failure to process is that the file was not created as a CSV file. Excel spreadsheets are not accepted, and simply renaming an Excel spreadsheet to CSV will not work. See below for instructions on creating CSV files.

NOTE: Fields that are not applicable for a program should be left blank.

Starting on page 41, an addendum is available, listing all fields in CSV column order. The addendum may be used to quickly determine which fields are available on the data file for each testing program. Refer to the Student Data File Format section for required fields.

Creating CSV Data Files

PEIMS Data Element ID numbers and codes that correspond to columns are listed on the following pages. All fields are alphanumeric. Data that are missing or not applicable are represented by blank columns.

An Excel template, *2018–2019 Student Upload Registration-Precoding Header Template*, is available for use at <http://www.TexasAssessment.com/technology>.

When your file is complete, save the file to your desktop or to a file directory. When saving, choose to save as a “CSV (Comma delimited) (*.csv)” file type.

NOTE: Depending on your software, you might have several CSV file types from which to choose. PC users can select any CSV file type; however, Mac users must select the “CSV (Windows)” file type to avoid errors in their file submission.

See the instructions below for prompts you may see when saving your file as a CSV:

- If you are prompted with a message about multiple sheets, click OK.
- If you are prompted with a message about the format of your file, click Yes.

General Student Registration Procedures

For help with creating a data file, registering students, and resolving error records, go to <http://www.TexasAssessment.com/technology/>.

For questions about STAAR grades 3–8 or EOC:

Contact the Texas Assessment Support Center

By phone: 1-855-333-7770

By email: [STAAR3–8 @ets.org](mailto:STAAR3-8@ets.org) or STAAREOC@ets.org

For questions about STAAR Alternate 2, TELPAS, and TELPAS Alternate:

Contact the Customer Service Center

By phone: 800-627-0225

Refer to the administration procedures below to create a student data file upload to register students or update currently registered students for a specific administration.

STAAR Alternate 2

Use the information below to validate the STAAR Alternate 2 student data file prior to uploading to the Assessment Management System.

1. Grade levels for this administration should include only grades 3–12.

2. The following fields are required on the student data file:

Grade
Campus-ID-of-Enrollment (County/District/Campus Number)
District-Name
Campus-Name
Student Name fields (Last-Name, First-Name) **NOTE:** Middle-Initial not required
PEIMS-ID
Date-of-Birth
TX-UNIQUE-STUDENT-ID

3. Sex-Code is required for new students only.

4. The End-of-Course Code (Course Code) field is mandatory for all students in grades 9–12.

5. For the following fields, if left blank, the system will try to match the student in the Student Directory. If a match is found, it will populate these fields with information in the Student Directory.

Hispanic-Latino-Code
American-Indian-Alaska-Native-Code
Asian-Code
Black-African American-Code
Native-Hawaiian-Pacific-Islander-Code
White-Code
Economic-Disadvantage-Code
Title-I-Part-A-Indicator-Code
Migrant-Indicator-Code
LEP-Indicator-Code
Bilingual-Program-Type-Code
ESL-Program-Type-Code
Special-Ed-Indicator-Code
Gifted-Talented-Indicator-Code
At-Risk-Indicator-Code
Career-And-Technical-Ed-Indicator-Cd

6. If students are enrolled in more than one course with a corresponding EOC test, they will need to have multiple records on the data file. List each student for each assessment for which he or she is to be registered.

7. Test Code is not required. It will be populated if you request a student registration export file.

8. The Group Name field is needed to load student records into selected groups of your choice. If

this field is left blank, all students will have a generic group name of “NO GROUP NAME GIVEN”, and students will be grouped by campus. It is advised to provide the Group Name field on your files so students will be grouped by more than just the campus level.

9. Home County/District/Campus Code (Reporting CDC) should only be provided if the student is testing at a different campus from the campus of enrollment.

TELPAS

Use the information below to validate TELPAS student data files prior to uploading to the Assessment Management System.

1. Grade levels for this administration should include grades K–12.

2. The following fields are required on the student data file:

Grade
Campus-ID-of-Enrollment (County/District/Campus Number)
District-Name
Campus-Name
Student Name fields (Last-Name, First-Name) **NOTE:** Middle-Initial not required
PEIMS-ID
Date-of-Birth
TX-UNIQUE-STUDENT-ID
TELPAS Code

3. Sex-Code is required for new students only.

4. For the following fields, if left blank, the system will try to match the student in the Student Directory. If a match is found, it will populate these fields with information in the Student Directory.

Hispanic-Latino-Code
American-Indian-Alaska-Native-Code
Asian-Code
Black-African American-Code
Native-Hawaiian-Pacific-Islander-Code
White-Code
Economic-Disadvantage-Code
Title-I-Part-A-Indicator-Code
Migrant-Indicator-Code
LEP-Indicator-Code
Bilingual-Program-Type-Code
ESL-Program-Type-Code
Special-Ed-Indicator-Code
Gifted-Talented-Indicator-Code
At-Risk-Indicator-Code
Career-And-Technical-Ed-Indicator-Cd

5. The Group Name field is needed to load student records into selected groups of your choice. If this field is left blank, all students will have a generic group name of “NO GROUP NAME GIVEN”, and students will be grouped by campus. It is advised to provide the Group Name field on your files so students will be grouped by more than just the campus level.

6. Years in U.S. Schools is a field you can populate on your data file if you want to have it preloaded. This field cannot be pulled from PEIMS submissions. It can only be preloaded through your Student Data File submission. If left blank, the district will need to update each student record to

supply this information in the Assessment Management System.

7. The Test Format field should be left blank.
8. The TELPAS Code is a required field and must be present for each record. Verify that the appropriate TELPAS Code has been entered on each student record.
9. The Unschooled Asylee/Refugee and Students with Interrupted Formal Education (SIFE) Codes can be populated on your data file if you want them preloaded. If any of these fields are left blank, the system will default that field to N for No.
10. Test Code is not required. It will be populated if you request a student registration export file.
11. TELPAS Session Name is an optional field. If it is populated, this field will be used to create and place student test assignments into sessions. The session names will be the value in this field with the test code appended.

For example if a TELPAS student is being registered for TELPAS using TELPAS CODE= A, and Session Name field is set to "GRADE 4", the test assignments will be placed into the following three sessions: Listening and Speaking test assignment will be put into a session called "GRADE 4 - p04ls", Reading test assignment will be placed into a session called "GRADE 4 - p04re", and the Writing test assignment will be placed into a session called "GRADE 4 - p04wr".

If the field is left blank, the student test will not be put into a session. If the field is populated and at the time of the import it is determined that the session should not be auto created, you may select "Don't Auto Create Test Sessions" when performing the student registration import and the session field will be ignored.

12. Home County/District/Campus Code (Reporting CDC) should only be provided if the student is testing at a different campus from the campus of enrollment.

TELPAS Alternate

Use the information below to validate TELPAS Alternate student data files prior to uploading to the Assessment Management System.

1. Grade levels for this administration should include grades 2–12.

2. The following fields are required on the student data file:

Grade
Campus-ID-of-Enrollment (County/District/Campus Number)
District-Name
Campus-Name
Student Name fields (Last-Name, First-Name) **NOTE:** Middle-Initial not required
PEIMS-ID
Date-of-Birth
TX-UNIQUE-STUDENT-ID

3. Sex-Code is required for new students only.

4. For the following fields, if left blank, the system will try to match the student in the Student Directory. If a match is found, it will populate these fields with information in the Student Directory.

STAAR Grades 3–8

Use the information below to validate STAAR grades 3–8 student data files prior to uploading to the Assessment Management System.

1. Grade levels should include grades 3–8 that will be testing in the April and May 2019 STAAR test administrations.

2. The following fields are required on the student data file:

Grade
Campus-ID-of-Enrollment (County/District/Campus Number)
District-Name
Campus-Name
Student Name fields (Last-Name, First-Name) **NOTE:** Middle-Initial not required
PEIMS-ID
Date-of-Birth
Sex-Code
TX-UNIQUE-STUDENT-ID

3. For the following fields, if left blank, the system will try to match the student in the Student Directory. If a match is found it will populate these fields with information in the Student Directory.

Hispanic-Latino-Code
American-Indian-Alaska-Native-Code
Asian-Code
Black-African American-Code
Native-Hawaiian-Pacific-Islander-Code
White-Code
Economic-Disadvantage-Code
Title-I-Part-A-Indicator-Code
Migrant-Indicator-Code
LEP-Indicator-Code
Bilingual-Program-Type-Code
ESL-Program-Type-Code
Special-Ed-Indicator-Code
Gifted-Talented-Indicator-Code
At-Risk-Indicator-Code
Career-And-Technical-Ed-Indicator-Cd

4. The Group Name field is used if you chose a sort order other than by campus/grade/student alpha order to receive your precode materials. If you provide a Group Name for the student, your precode materials will be sorted by campus/grade/Group Name/student. Any student without a Group Name will be given the default group “NO GROUP NAME GIVEN”. If you want to have your precode materials sorted by just campus/grade/student alpha order, leave the Group Name field blank. To replace an unwanted Group Name, replace the Group Name with the phrase “NO GROUP NAME GIVEN”. Blanks in the Group Name field will not overwrite existing data in the Group Name field.

NOTE: The Group Name will also be used as the default online test group name if no online test

group name is provided for a subject. This field should only be used to organize test takers into groups; otherwise the field should be left blank or replaced with “NO GROUP NAME GIVEN”.

5. The TEST FORMAT - READING, TEST FORMAT - MATHEMATICS, TEST FORMAT - SCIENCE, TEST FORMAT - SOCIAL STUDIES, and TEST FORMAT - WRITING fields (columns AJ–AN) should be used to indicate if a student is testing online (O) or on paper (P). If no format is indicated, and there are no PNP settings, the system will default testers to paper. If no format is indicated and the student has PNP settings for the specified subject, the system will default to online testing.
6. The TEST VERSION CODE - READING, TEST VERSION CODE - MATHEMATICS, TEST VERSION CODE - SCIENCE, TEST VERSION CODE - SOCIAL STUDIES, and TEST VERSION CODE - WRITING fields will be used to indicate the following for online STAAR grades 3–8:

PNP accommodation codes:

- B = Refreshable Braille Device and Screen Reader (delivered for reading, writing, and social studies only, available for tests delivered in English only)
- E = Spelling Assistance (delivered for grades 4 and 7 writing only)
- M = Basic Calculator (delivered for mathematics and science in grades 3–7 only)
- R = Content and Language Supports
- T = Text-to-Speech (includes click word)
- V = ASL Signed Videos (available for tests delivered in English only)

Designated Supports:

- D = Designated Supports for a student testing online

NOTES:

- Not all accommodations may be available for all tests.
- Accommodations codes can be entered in the Test Version Code field(s) in any order, with no punctuation. Each Test Version Code field may contain multiple accommodations codes; for example, TR in this column is for a student who requires Text-to-Speech and Content and Language Supports.
- A value of E (Spelling Assistance) should be entered for grades 4 or 7 writing only; this accommodation is not available for any other grades 3–8 assessments.
- A value of M (Basic Calculator) should be entered for mathematics or science in grades 3–7 only; this accommodation is not available for other grade 3–8 assessments.
- To modify Test Version Code field(s), enter all the codes for the student. The previous codes will be replaced by the new set.
- To register students for online testing with no accommodations, leave the subject-specific Test Version Code field blank, and enter O in the subject-specific Test Format field.

ADDITIONAL NOTE: A value of B (Refreshable Braille Device and Screen Reader) cannot be combined with E, M, T, or V. It can only be used alone or in combination with R (Content and Language Supports) and/or D (Designated Supports) for tests delivered in English.

7. The Above-Grade Code field is used if a student is testing above grade level for a specific subject. If a student is indicated as needing an above grade level assessment, you will receive both the enrolled grade answer document and the above grade answer document in your precode materials.

NOTE: Students testing above grade level must be registered for each administration in which

they will test. For example, a seventh-grade student taking grade 8 mathematics should be registered separately in each of the following administrations:

- April 2019 Grade 7 Writing
- April 2019 Grade 8 Mathematics (above grade level)
- May 2019 Grade 7 Reading

8. Column BH, Home County/District/Campus Code (Reporting CDC), should only be provided if the student is testing at a different campus from the campus of enrollment.

NOTE: If column B (Campus-ID-of-Enrollment) and column BH (Home County/District/Campus Code) are different, the system will default the student to testing at the campus in column B and reporting to the campus in column BH.

9. For each subject being delivered as an online test, districts can specify an Online Test Group Name. All students in the group will be listed in the same Online Test Group. If no Online Test Group is specified for a subject, the Group Name in column E will be used. If Group Name is not provided, then the default group “NO GROUP NAME GIVEN” will be used for the online test group name. To replace an unwanted Group Name, replace the Group Name with the phrase “NO GROUP NAME GIVEN”. Blanks in the Group Name field will not overwrite existing data in the Group Name field.

NOTE: Online test group names entered for tests that are not delivered online will be ignored.

10. Action-Indicator will be used for STAAR grades 3–8 registrations.

NOTE: Registrations for paper testing uploaded during the precode window for an administration will generate precoded answer documents and cannot be deleted after the precode deadline. Additions and updates made after the precode deadline will not impact the precoded answer documents districts will receive. Unused precoded answer documents must be voided.

11. To register a grades 5–8 student for an EOC test, use the STAAR EOC student data file for the EOC test(s) and use the grades 3–8 data file for the required grades 3–8 tests. Unused precoded answer documents for grades 3–8 must be voided.

12. If a retester file (e.g., the District Student Home Campus Report or District Student Test Campus Report) is downloaded from the STAAR Assessment Management System, the Retester Indicator-MA and Retester Indicator-RE fields (columns BO and BP) will be auto-populated with a P for any student that has previously achieved Approaches Grade Level performance for one of the subjects (mathematics or reading) but needs to test the other subject during a retest administration (May or June).

NOTES:

- These indicator columns are for informational purposes only; districts cannot create registrations or update these indicators by uploading values in these columns.
- A blank in either column indicates the student has not yet achieved Approaches Grade Level performance for that subject and is registered for the subject area test. Blanks in both columns indicate the student is registered for both subject area tests.
- To retain this registration for a student who is new to a district or campus and has previously achieved Approaches Grade Level performance in one of the subjects, use the Action Indicator (column AS) to transfer the student to the proper district and/or campus, rather than creating a new registration.

13. Columns BQ–BT (Online Test Language) should be used to indicate if students testing online in grades 3–5 will test in English (E) or Spanish (S). When left blank, this field will default to English.
14. Columns BW–CA are optional and may be used to indicate the unique TX-Unique-Staff-ID for a student’s subject-specific lead teacher(s).

STAAR End-of-Course (EOC)

Use the information below to validate STAAR EOC student data files prior to uploading to the Assessment Management System.

1. Grade levels for the April, May, June, and December administrations should include grades 5–12 only.
2. The following fields are required on the student data file:

Grade
Campus-ID-of-Enrollment (County/District/Campus Number)
District-Name
Campus-Name
Student Name fields (Last-Name, First-Name) **NOTE:** Middle-Initial not required
PEIMS-ID
Date-of-Birth
End-of-Course Code (Course Code)
Test Format (Choose paper or online testing mode; for students with PNP accommodations, enter O in the Test Format field.)
Sex-Code
TX-UNIQUE-STUDENT-ID

3. For the following fields, if left blank, the system will try to match the student in the Student Directory. If a match is found, it will populate these fields with information in the Student Directory.

Hispanic-Latino-Code
American-Indian-Alaska-Native-Code
Asian-Code
Black-African American-Code
Native-Hawaiian-Pacific-Islander-Code
White-Code
Economic-Disadvantage-Code
Title-I-Part-A-Indicator-Code
Migrant-Indicator-Code
LEP-Indicator-Code
Bilingual-Program-Type-Code
ESL-Program-Type-Code
Special-Ed-Indicator-Code
Gifted-Talented-Indicator-Code
At-Risk-Indicator-Code
Career-And-Technical-Ed-Indicator-Cd

4. The Group Name field is used if you chose a sort order other than by campus/subject/student alpha order to receive your paper testing precode materials. If you provide a Group Name for the student, your precode materials will be sorted by campus/subject/Group Name/student. Any student without a Group Name will be given the default group “NO GROUP NAME GIVEN”. If you want to have your precode materials sorted by just campus/subject/student alpha order, leave the Group Name field blank. To replace an unwanted Group Name, replace

the Group Name with the phrase “NO GROUP NAME GIVEN”. Blanks in the Group Name field will not overwrite existing data in the Group Name field.

NOTE: This field should only be used to organize test takers into groups; otherwise the field should be left blank or contain the phrase “NO GROUP NAME GIVEN”.

NOTE: The Group Name field will also be used to name and populate online testing groups.

5. The STAAR EOC Test Version Code will be used to indicate the following for online STAAR EOC:

PNP accommodation codes:

B = Refreshable Braille Device and Screen Reader (delivered online for English I, English II, and U.S. History only)

E = Spelling Assistance (delivered for English I, English II, and English III only)

R = Content and Language Supports (not available for Algebra II or English III)

T = Text-to-Speech (includes click word)

V = ASL Signed Videos (not available for Algebra II or English III)

Designated Supports:

D = Designated Supports for a student testing online

NOTES:

- Not all accommodations may be available for all tests.
- Accommodations codes can be entered in the Test Version Code field in any order, with no punctuation. Each Test Version Code field may contain multiple accommodations codes. For example, TR in this column is for a student who requires Text-to-Speech and Content and Language Supports. The test will be delivered online.
- A value of B (Refreshable Braille Device and Screen Reader) should only be entered for English I, English II, or U.S. History; this accommodation is not available for other EOC assessments.
- A value of E (Spelling Assistance) should only be entered for English I, English II, or English III; this accommodation is not available for any other EOC assessments.
- The Refreshable Braille Device and Screen Reader (B) and ASL Signed Videos (V) accommodations will be available beginning with the spring 2019 administrations.
- To modify the STAAR EOC Test Version Code, enter all the codes for the student. The previous codes will be replaced by the new set.
- To register students for online testing with no accommodations, leave the EOC Test Version Code blank, and enter O in the Test Format - EOC field.

ADDITIONAL NOTE: A value of B (Refreshable Braille Device and Screen Reader) cannot be combined with E, T, or V; it can only be used alone or in combination with R (Content and Language Supports) and/or D (Designated Supports).

6. If students are enrolled in more than one course with a corresponding EOC test, they will need to have multiple records on the data file. List each student for each assessment for which he or she is to be registered.
7. Home County/District/Campus Code (Reporting CDC) should only be provided if the student is testing at a different campus from the campus of enrollment.

NOTE: if column B (Campus-ID-of-Enrollment) and column BH (Home County/District/Campus Code) are different, the system will default the student to testing at the campus in column B and reporting to the campus in column BH.

8. Action-Indicator will be used for STAAR EOC registrations.

NOTE: Registrations for paper testing uploaded during the precode window for an administration will generate precoded answer documents and cannot be deleted after the precode deadline. Additions and updates made after the precode deadline will not impact the precoded answer documents districts will receive. Unused precoded answer documents must be voided.

9. Beginning with spring 2019, column CB is optional and may be used to indicate the TX-Unique-Staff-ID number for a student's subject-specific lead teacher.
