

2018 Standard and Additional Reports

Standard reports will be provided free of charge to all school districts. Standard reports showing student performance on the State of Texas Assessments of Academic Readiness (STAAR®) assessments are as follows.

1 STAAR Report Card

The individual student report will show performance data for each student on the subject-area tests. For spring administrations of STAAR 3–8, all subjects tested during the current administration year will be included in one combined STAAR Report Card. For STAAR end-of-course (EOC), the STAAR Report Card will contain cumulative results for all subjects tested. One printed copy of the STAAR Report Card will be provided to districts for spring administrations only.

2 Confidential Student Label

An adhesive label that can be placed on each student's permanent record file will be provided for every administration. The label will show overall test performance data for the student in each subject area. For EOC, the label will show cumulative history information for students. Districts may opt out of receiving the Confidential Student Label.

3 Confidential Campus Roster—All Students

This alphabetical listing will show individual student performance data. Results for STAAR and STAAR Spanish will be listed on separate rosters.

4 Confidential Campus Roster—Students Not Achieving Approaches Grade Level

For each campus, this listing will include only students who did not achieve Approaches Grade Level. Results for STAAR and STAAR Spanish will be listed on separate rosters.

5 Campus and District Summary Reports

These reports will show the performance of students by campus. The average number and average percentage of items correct for each reporting category will be displayed, as well as number and percentage of students at each performance level. The information provided at the campus level will also be aggregated and reported at the district level. Separate reports will be provided for STAAR and STAAR Spanish. Constructed Responses Summary Reports are provided and show the number and percentage of students receiving each rating for the written composition for STAAR and STAAR Spanish. The Combined Summary Report will be provided for each subject for grades 3–5.

6 Administration Student Data File (Confidential)

This file contains individual data records for each student for whom an answer document or online test was submitted. The student record includes identification and demographic data as well as subject area scores. Reporting Category data are included. Results for STAAR and STAAR Spanish will be provided on the same file. For EOC administrations, the data file will include cumulative history information for each of the five subjects required for EOC. This file will be provided to all districts in fixed-length text format.
